

Healthcare Consulting & Management Services Human Resources

Talent Acquisition

Searching and finding talented professionals to fill open positions within your organization is a crucial element in making your practice successful. With the assistance of our HR Consulting Services, we can provide your healthcare facility with the appropriate staffing levels by utilizing cutting edge resources to ascertain key talent to work within your business. Our team is comprised of dedicated recruiting specialists, who have years of experience in researching and acquiring skilled professionals tailored to fill available positions within healthcare organizations.

Our recruiting staff streamlines processes to ensure that quality analysis and assessments meet your practice's expectations. Our HR specialists qualify candidates and measure skill sets to ensure a well-suited match to meet your goals. Other important tasks performed are:

- Employment and Education Background Checks
- Interview Coordination
- Candidate Assessments and Presentations

To secure permanent and quality talent for your organization, our HR Specialists conduct a thorough compilation of data research and screenings before coordinating a presentation/meeting between you and the talent. We try keeping your time to where you need it most, with patients.

We have tiered levels of recruiting services to best accommodate your needs and budget. For more information visit us online at: www.virtualofficeware.net/HR-Consulting-Services or contact us at 1.888.950.0688, X 160.

Our proactive approach to find eligible candidates reaches beyond conventional standards.

Additional Consulting Services:

- Temporary Staffing
- HR Project Management
- Training Services
- HR Support Services
- Physician Practice Check Up

It's our business to transform your business into a model of healthcare success!
