

## Customer Testimonials

“The HR audit you did for us was terrific! The process itself was interesting, as your questions and our discussion served to help us revisit many of our policies and practices as well as identify some of the gaps. The report itself was well organized and I loved the format. The table within the context of the report allowed us to focus directly on the various areas with specific recommendations and the narrative supported the information in greater detail.

POWER shares its HR Director with two other agencies through a unique collaborative and the position had been vacant for several months. Our HR Director started her employment for the Collaborative in September, just after the audit was completed. The report helped to jump-start our HR Director’s orientation to POWER. We’ve shared the results with our administrative leadership team and have begun to prioritize the recommendations. We will begin to make some of the simple changes and will work to develop a plan for accomplishing some of the other recommendations. I would definitely recommend Virtual OfficeWare.”

*Rosa Davis, Executive Director  
Pennsylvania Organization for Women in Early Recovery*

“I want to express how grateful we are to have found our new Billing Supervisor through your Staffing Service. Your Staffing Service was very thorough in finding the right person for our office. You looked into our needs for the position and what duties that the employee would have to perform.

By you performing the interviews first, it saved us a lot of time and manpower. By communicating to me about the applicant we were able to find that particular person to fill the position. Since we are Virtual OfficeWare clients, I was happy to have our new hire trained [on-site] at your office on the Practice Management Software before starting here at the office. What a smooth transition this was for us. I would recommend your service and I have.”

*Mary Ann Naberezny, Practice Manager  
South Hills Eye Associates*

“I recently needed to fill a position rather quickly and was so pleased with how responsive Anita [Gavett] was in finding me a great candidate. That person is now an employee of the practice. It worked out great! I will definitely use the service again if the need arises.”

*Susan Koerner, Practice Manager  
Hand & UpperEx Center*
